What is Nippon Domannaka Festival?

One of Japan's largest festivals, known as Nippon Domannaka Festival, or Domatsuri for short, is held in Nagoya in the middle of Japan in the summer. About 200 teams from around the world, with 20,000 people performing dances promoting each region, brings a new style of festival where citizens can participate.

The number of visitors during the festival is about 2 million, and the city of Nagoya hosts a colorful festival. Each team will put on a rhythmically arranged music of emotional regional culture, and will develop gorgeous costumes and stunning productions. People can participate in the festival not only in Japan but also overseas.

However, in 2020, the world has changed a lot. And we are required to have a new lifestyle and our daily lives have changed. In the summer of 2020, the Domatsuri held the online festival called "TeleDomatsuri" for the first time.

A record number of 373 teams participated, with participation from 20 countries and regions from overseas. As a result, a total of total number of viewers about 1.5 million watched in three days.

Last year in 2021, Tele Domatsuri expanded in size and hosted an online festival with a total of 438 teams. And we also held an outdoor event with no spectators.

What impressed us was the light rhythm set in Saipan in the everlasting summer, the powerful dance that overflows the soul of Ghana, and Taiwan's outstanding acting and shooting techniques, which are wonderful things that cannot be seen on the stage of the usual festival. We realized the potential of online.

This year's 24th Domatsuri Festival will be held in the city, and will be held online as "TeleDomatsuri" again. But, festival in the city will be smaller than before.

The way to participate in the festival is to show the charm of the local area by dancing.

This time, each participating team will edit the remotely shot dance into a movie within 5 minutes and send it to the Domatsuri organizer in advance. The movie will be distributed online from September 1st (Thursday) to 4th (Sunday).

At the festival, each team dances wearing costumes while performing songs that are unique and representing their area. Each region in the world has songs and dances that are unique. The TeleDomatsuri is set in "your town". Why don't you take part in the 24th Domatsuri by making a performance movie full of the Domatsuri (regional charm) by taking advantage of the unique features of your area?

If you are from overseas who has never participated in the festival, please take this opportunity to join us!

We look forward to your participation in the "TeleDomatsuri" Festival.
